The blessing of Nellie's silence lasted only until Hanna, cursed with speech if not with sufficient strength to stand, said, "We tried to

reach you, Mr. Damascus, but you'd already left the pharmacy." Nellie found the strength to rise, but having risen, she was unable to speak. Her mouth shaped words, but her voice deserted her. His silent tears accomplished what his words could not: Nork, Knacker, and Hisscus retreated, urging him to speak to his attorney, promising to return, once more expressing their deepest condolences, perhaps as abashed as attorneys and political appointees could get, but certainly confused and unsure how to proceed when dealing with a man so untouched by greed, so free of anger, so forgiving as the widower Cain. The pair of sliding doors at the living-room archway stood half open. Beyond, voices drew Paul against his will. She kicked off her shoes and sat beside him in bed, with her back against the headboard, still holding his hand. Even though this darkness wasn't as deep as Barty's, Agnes found that she was better able to control her emotions when she couldn't see him. "I think you must be sad, kiddo. You hide it well, but you must be." During the drive, he alternated between great gales of delighted laughter and racking sobs wrought by pain and self-pity. The voodoo Baptist was dead, the curse broken with the death of he who had cast it. Yet Junior must endure this final devastating plague. He looked at the two cards following the four of clubs in the stack. Neither of these was a jack of spades, either, and both were what he anticipated. "May 14, 1845, in Canton, China, a theater fire killed sixteen hundred seventy. On December 8, 1863, a fire in the Church of La Compana, in Santiago, Chile, left two thousand five hundred and one dead. One hundred fifty perished in a fire at a Paris charity bazaar: May 4, 1897. June 30, 1900, a dock fire in Hoboken, New Jersey, killed three hundred twenty-six. . . ." "It seems it was his own idea, your majesty." She nodded. And could not lift her gaze from her hands. Could not meet his eyes, afraid that his worry would feed her own, afraid also that the sight of his sympathy would shake loose her perilous grip on her emotions. He wasn't required to torture himself in search of pleasant conversation with those they visited. Agnes had virtually invented pleasant conversation. Nolly shrugged. "He can't know for sure. And anyway, he didn't get the pushed idea until he'd already taken the case." As Barty climbed to the porch without benefit of the railing and held out his right hand, Paul Damascus said, "Tom, we're wondering if Barty can extend to you the protection he gives to Angel in the rain. Maybe he can ... since the three of you share this ... this awareness, this insight, or whatever you want to call it. But he won't know until he tries." The sleeves of the pajama top were pushed up, revealing more of the disease's vicious work. The muscles of her useless left arm had atrophied; the once graceful hand curled in upon itself, as though holding an invisible object, perhaps the hope she never abandoned. Agnes had struggled recently to find a way to explain to Barty that his uncles had lost their hope, to convey also what it meant to live without hope-and somehow to tell the boy all this without burdening him, at such a young age, with the details of what his monstrous grandfather, Agnes's father, had done to her and to her brothers. The task was beyond her abilities. The fact that Barty was a prodigy six times over didn't make his mother's work easier, because in order to understand her, he would require experience and emotional maturity, not just intellect. From the door to the sink, nervously fishing a plastic pharmacy bottle out of a coat pocket, Junior counseled himself to remain calm. Slow deep breaths. What's done is done. Live in the future. Act, don't react. Focus. Look for the bright side. The infant's smile was so captivating and his puzzlement so comically earnest that both expressions worked on Agnes's misery as surely as yeast leavens dough. Her bitter tears turned sweet. "Dr. Lipscomb delivered the baby like two minutes ago. The afterbirth hasn't even been removed yet," the nurse informed her. "Does my dad like Christmas?" Barty asked, sitting on the grave grass in front of the headstone. From the bathroom, Junior gathered an electric razor and toiletries. He added these to the suitcases. The spectral singer didn't exhibit her blood-and-bone sisters' reluctance to pursue her man. She was four years older than Phimie. They hadn't seen a great deal of each other during the past three years, since Celestina had come to San Francisco. Although distance and time, the press of her studies, and the busyness of daily life had not made her forget that she loved Phimie, she had forgotten the purity and the power of love. Rediscovering it now, she was shaken so badly that she had to pull a chair to the side of the bed and sit down. Recalling how the title of the exhibition had resonated with him when first he'd seen the gallery, brochure, Junior felt certain now that a tape-recorded early draft of this sermon was the kinky "music" that accompanied his evening of passion with Seraphim. He couldn't remember one word of it, let alone any element that would have deeply moved a national radio audience, but this didn't mean that he was shallow or incapable of being touched by philosophical speculations. He'd been so distracted by the erotic perfection of Seraphim's young body and so busy jumping her that he wouldn't have remembered a word, either, if Zedd himself had been sitting on the bed, discussing the human condition with his customary brilliance. He thought he heard the tick-scrape-rattle-clink of Industrial Woman on the prowl. In the living room. Now the hall. Approaching. Awed, dropping to one knee before Barty, Tom fingered the sleeve of the boy's shirt. Frustrated again, she said simply, "Whenever Edom and Jacob talk about these things, I want you to be sure always to keep in mind that life's about living and being happy, not about dying." The patches were held by the same two elastic strips, so Barty flipped up both at the same time. He couldn't see into the next aisle through the gaps between rows of books, because the shelves had solid backs. He paid cash to the locksmith, and included in the payment were the two dimes and the nickel Vanadium had left on his nightstand. The candlestick was gone. The pedestal on which it had stood now held a Griskin bronze so devastatingly brilliant that one quick look at it would give nightmares to nuns and assassins alike. Barty looked at Angel, and Angel looked at Barty, and they dropped to their knees on the grass before their daughter. They were both grinning ... and then their grins stiffened a little. Off with the cap. Yellow capsules in the bottle, also blue. He managed to shake one of each color into the palm of his left hand without spilling the rest on the floor. "She reads too much hard-boiled detective fiction," Nolly said. "And lately, she's talking about writing it." Junior said nothing. He was still upset with Naomi for hiding the pregnancy from him, but he was delighted that the baby would have been his. Now Vanadium couldn't claim that Naomi's infidelity and the resultant bastard had been the motive for murder. At those cutting-edge galleries where he attended receptions, no one got in without a printed invitation. And even with the authentic paper in hand, you might still be refused entry if you failed to pass the cool test. The criteria of cool were the same as at the current hottest dance clubs, and in fact the bouncers controlling the gate at the finest avant-garde galleries were those who worked the clubs. They were in the rain, the solid-glassy-pounding-roaring rain, every bit as much as Gene Kelly had been when he danced and sang and capered along a storm-soaked city street in that movie, but whereas the actor had been saturated by the end of the number, these two children remained dry. Tom's eyes strained to resolve this paradox, even though he knew that all miracles defied resolution. "Better hurry," Wally advised, gracing Celestina's other cheek with a dryer kiss. "Three hundred and ninety-six of the dead were children under the age of ten," Jacob continued. "A passenger train was tumbled off the tracks, killing twenty. Another train with tank cars got smashed around, and oil spilled across the flood waters, ignited, and all these people clinging to floating debris were surrounded by flames, no way to escape. Their choice was being burned alive or

drowning." Reflecting upon her son's clever, diligent, and uncomplaining adaptation to darkness, she wished that she had described to him the dazzling sunset under which they had made their journey home. Although her words might have been inadequate to the spectacle, he would have elaborated on them to create a picture in his mind; with his creative skills, the world that he'd lost with his sight might be remade in equal splendor in his imagination. Monitoring Barty from the corner of her eye, Agnes paced herself to the strides of his short legs, so she was drenched and chilled when she reached the station wagon. When the attorney finally came on the line, he sounded put-upon, as though Junior were the equivalent of a troublesome toe that he would like to shoot off. He nodded. "The effect not only comes before a cause in this case, but completely without a cause. The effect is staying dry in the rain, but the cause-supposedly walking in a dryer world-never occurs. Only the idea of it." "Love you," Wally said, and Celestina repeated it, and he said, "I'm gonna stand in the hall till I hear you set both locks." "I was hoping you might know," said Edom, studying the collar of Jacob's green flannel shirt. In the morning, after their first night together, without either of them suggesting what must be done, Barty and Angel went in silence into the backyard and, together, climbed the oak, to watch the sunrise from its highest bower. Three years later, on Easter Sunday in 1986, the fabled bunny brought them a gift: Angel gave birth to Mary. "It's time for a nice ordinary name in this family," she declared. After the amusement park, no hospital for the Pie Lady. With Wally near, she had a doctor all her own, capable of giving her the anticancer drugs and transfusions that she required. While radiation therapy is prescribed for acute lymphoblastic leukemia, it is much less useful to treat myeloblastic cases, and in this instance, it wasn't deemed helpful, which made treatment at home even easier. Junior jammed on the brakes, slammed the gearshift into park, threw open the door, and plunged from the car. He spun around to face the menace, loose gravel shifting treacherously underfoot. Agnes drew him into her arms and lifted him off the desk and embraced him tightly, with his head on her shoulder and his face nestled against her neck, as she'd held him when he was a baby. "The girl's baby," said Nolly, "was placed with Catholic Family Services for adoption." Turning away from the window, Celestina grabbed the girl and pushed her toward the bed, whispering, "Down, under." Chase after her on foot. Shoot her in the car. Maybe. He'd have five rounds left if he used one on the man, four on Bartholomew. Three doors in the dark hallway: one to the right, ajar, and two to the left, both closed. Before he taught himself to read books, he also taught himself numbers, and then how to read a clock. The significance of time had a more profound impact on him than Agnes could understand, perhaps because acquiring an awareness of the infinite nature of the universe and the finite nature of each human life-and fully understanding the implications of this knowledge-takes most of us till early adulthood if not later, whereas for Barty, the vast glories of the universe and the comparatively humble nature of human existence were recognized, contemplated, and absorbed in a matter of weeks. He found himself looking over his shoulder more than once. By the time he returned to his room, he felt half crushed by anxiety. Celestina nodded, unable to respond to the aide's kindness. Sometimes kindness can shatter as easily as soothe. This unflinching consistency of packaging enables card mechanics, professional gamblers, sleight-of-hand magicians-to manipulate a new deck with confidence that they know, starting, where every card can be found in the stack. An expert mechanic with practiced and dexterous hands can appear to shuffle so thoroughly that even the most suspicious observer will be satisfied-yet he will still know exactly where every card is located in the deck. With masterly manipulation, he can place the cards in the order that he wishes, to achieve whatever effect he desires. The sound made by the dropping corpse indicated that cushioning trash lined the bottom of the bin, and also that it was no more than half full. This improved chances that Neddy wouldn't be discovered until a dump truck tumbled him into a landfill-and even then perhaps no eyes would alight upon him again except those of hungry rats. He rolled Neddy onto one side, but no gold watch lay underneath, so he let the musician flop onto his back again. Junior took one of the boxed guns, a 9-mm semiautomatic. Months would probably pass before she noticed the pistol missing from the back of her closet, and by then she wouldn't know who had taken it. The silence in this city of the dead was complete. The night lay breathless, stirring not one whisper from the stationed evergreens that stood sentinel over generations of bones. And the mills of capitalism provide them. Supply meets demand. Fantasy becomes a commodity, an industry. Your deeds ... will return to you, magnified beyond imagining ... the spirit of Bartholomew ... will find you ... and mete out the terrible judgment that you deserve. Rescuers appeared with hydraulic pry bars and metal cutting saws. Civilians were shepherded back to the sidewalks. Besides, he couldn't any longer afford to spend endless hours either learning a new language or attending the opera. His life was too full, leaving him insufficient time for the Bartholomew search. Now he had to focus on being ready for the evening of January 12: the reception for Celestina White's art show. She had adopted her sister's baby. Little Bartholomew was in her care; and soon, the kid would be within Junior's reach. She stood just inside the front door of the apartment, admiring herself in a full-length mirror, waiting patiently for Celestina, who was packing dolls, coloring books, tablets, and a large collection of crayons into a zippered satchel. "Well, you ought to be," Grace said, taking her pies out to the Suburban that Wally had bought solely for this enterprise. In case someone was waiting in the hallway, he flushed the john for authenticity, though binding foods and paregoric still gave him the sturdy bowels of any brave knight in battle. Maybes are for babies, Zedd tells us in Act Now, Think Later. Learning to Trust Your Instincts. The ghost cop was forty feet behind him, beyond ranks of other pedestrians, every one of whom might as well have been faceless now, smooth and featureless from brow to chin, because suddenly Junior could see no countenance other than that of the walking dead man. The haunting visage bobbed up and down as the grim spirit strode along, vanishing and reappearing and then vanishing again among all the bobbing and swaying heads of the intervening multitudes. Junior thought he was alone, but just when he felt capable of summoning the energy to shift to a more comfortable position, he heard a man clear his throat. The phlegmy sound had come from beyond the. He planned, as soon as they took him out of his cell, to use the old Changers spell of self-transformation and so escape. Surely his life was in danger, and it would be all right to use the spell? Only he couldn't decide what to turn himself into-a bird, or a wisp of smoke, what would be safest? But while he was thinking about it, Losen's men, used to wizard's tricks, drugged his food and he ceased to think of anything at all. They dumped him into a mule-cart like a sack of oats. When he showed signs of reviving during the journey, one of them bashed him on the head, remarking that he wanted to make sure he got his rest. In his mind's eye, he saw the answering machine with uncanny clarity. That curious gadget. Sitting atop the scarred pine desk. "I know how to build boats, how to sail boats." "You remember things?" the girl asked, her fingertips still pressed lightly to his cheek. "It's been a tough few years," he said. "Losing her ... and then getting out of Nam alive." Edom carried the honey-raisin pear pie, and Agnes toted Barty across the neatly cropped yard, to the front door. The bell push triggered chimes that played the first ten notes of "That Old Black Magic," which they heard distinctly through the glass in the door. "I really am sorry about this," Junior said, regretting the necessity to deny

her the right to look good at her own funeral, "but it's got to appear to be a crime of passion.".The boy dashed for the front passenger's door. Agnes didn't follow him, because she knew that he would politely but pointedly express frustration if any attempt was made to help him with a task that he could perform himself..According to his wristwatch, the time was 9:05 in the morning on this momentous day..He wanted, all right, but -intuition warned him that he ought to continue to be discreet for a while longer..obsessed with humanity's sorry penchant for destroying itself either by intention or ineptitude--491 suffocated and burned alive on an evening meant for champagne and revelry..She twisted her sweat-drenched face in what might have been frustration, closed her
